

Medication Bridge

An initiative of the Foundation for Healthy Communities

The **Medication Bridge Program** helps eligible uninsured and underinsured patients of all ages obtain the medications they need directly from the pharmaceutical companies through their *Patient Assistance Programs*.

The NH Medication Bridge Program is a partnership of many organizations under the leadership of the Foundation for Healthy Communities.

Healthy Communities

PROGRAM FACTS

- ◆ Pharmaceutical companies provide brand name, long-term medications at **little or no cost to the patients**.
- ◆ Many companies also help **individuals with Medicare Part D** who need additional assistance.
- ◆ There are over **35 Medication Bridge sites** in New Hampshire that can assist you in accessing the medications you need.
- ◆ These sites include hospitals, community health centers, physician offices, ServiceLink, and non-profit organizations.
- ◆ A full listing of the Medication Bridge sites can be found on our website, www.healthynh.org.

ELIGIBILITY GUIDELINES

Every major pharmaceutical company has a Patient Assistance Program that offers many of its medications free or at a reduced cost to eligible individuals. Eligibility requirements include:

- ◆ The patient must be a U.S. resident.
- ◆ The patient must not be eligible for any other type of prescription coverage for that particular medication-including: Medicaid, VA, private insurance, etc.
- ◆ Household income generally must be less than 200% of poverty level, though this varies by company.
- ◆ Only long-term medications are covered.
